“Add value to your home and office”

## ABOUT US

As Kermit Plastic INC, we have been manufacturing plastic injection and extrusion molds for the last four decades. Kermit Floor can be seen as the culminating point of plastic mold making expertise.

Our company’s subsidiary in Moldova first started producing skirting boards and related floor profiles almost twenty years ago, targeting the Eastern European and Russian markets with affordable products.

# OUR VISION

## Growth that is:

- Intelligent (Based on Knowledge and Innovation)
- Sustainable (Resource Efficient and Competitive)
- Inclusive (High employment that supports the local ecosystem)

## Our Vision is:

To create an infrastructure for the reflection of energy and environmental awareness in design and material selection, to support recyclable materials, to produce products that are resistant to the geographical climate conditions and are not harmful to the nature.

To leave the world in a better condition to future generations by contributing to the formation of a sustainable, quality life culture.
